## Objective

---

As a passionate and detail-oriented web developer with one year of experience, my objective is to leverage my skills in HTML, CSS, JavaScript, and modern frameworks to create engaging and user-friendly web applications. I am dedicated to continuous learning and eager to contribute to a dynamic team where I can apply my knowledge, grow my expertise, and drive innovative web solutions. My goal is to enhance user experiences and optimize web performance, ultimately adding value to forward-thinking organizations committed to excellence in digital development.

## Experience

---

- Solar secure solution** November 8 2023 - January 8 2024  
Full stack web developer internship  
Learned and applied Node.js and Express in web development.  
Developed an eFood site featuring user authentication, product listings, and order management.  
Enhanced backend skills and gained experience in building RESTful APIs.
- OctaNet Service Pvt Ltd** 1st February 2024 - 1st March 2024
